

ACTIVE Investigations

was founded with a simple principle in mind ... providing quality investigative services, in a timely manner and at a reasonable price. This objective is met by knowing our clients, the industry, and the time restraints and professional demands that our clients face in the course of serving their own clients.

Our goal is to provide the best possible services, and our success is measured only by the satisfaction of our clients. We truly believe that the only satisfied customer is a repeat customer.

Here at Active Investigations, we understand the importance of "time service." It's for this reason that we offer the ACTIVE GUARANTEE!
